

Quick-Step® Vinyl expansion profile commercial use

Product specifications

Quick-Step® Vinyl expansion profile commercial use

NEVREXPCOMSILVME200

Aluminium, silver tone

Dimensions 1 PC: 2000x36.5x2.5 mm

Contents 1 PC: 1 pre-drilled aluminium expansion profile, screws (stainless steel 3,5x35 mm) and plugs (5x25 mm).

Order quantity: per 1 PC in shrink-wrapping.

Product description

- Subtle and elegant profile for use in commercial areas. Use the profile to cover the expansion joint between 2 floors of the same height e.g. at a door entrance or in a large room/corridor where an expansion joint is required.
- Can be used with both **clicked** Vinyl floors (less so with glued down 2.5mm floors).
- Extra wear-resistant quality aluminium, silver tone.
- Installation with the supplied screws and plugs (installation without sub-profile). **Tip:** avoid fixing the floor too firmly between the expansion profile and the subfloor. Make sure you can still slide a piece of paper between the profile and the Vinyl floor.
